A geological map showing the D7 ICMB area. The map includes several contour lines labeled with values such as 3200, 3300, 3400, and 3500. Key geological features labeled include 'Back Q5S' at approximately 3200m, 'Intercept Q5S' at approximately 3300m, and 'D7 ICMB' at approximately 3400m. A point labeled 'P' is marked near the 3400m contour. A red line extends from point P towards the bottom right of the map, passing through a yellow-shaded area labeled '5190'. A small grey polygon is located in the top right corner.
